COMPANY

Overview

Founded in 2019 and located in the Tabuk region of Saudi Arabia, UEMCC focuses on premier projects, especially for PIF companies, while upholding the utmost industry standards. Headquartered in Bahrain's Al Seif, Saudi Arabia's Tabuk, and Jordan's Amman, we strategically position ourselves to provide outstanding contracting and management services. We are dedicated to enhancing marketplace performance and ensuring a smooth transition for enterprises into the primary economy.

Our dedicated team of experts is focused on delivering outstanding results, guaranteeing that each project is carried out with meticulous attention to detail, efficiency, and a deep commitment to social responsibility. We uphold the highest ethical standards, building trust and cultivating lasting partnerships with our clients.

MISSION STATEMENT

We are dedicated to providing exceptional contracting and management services that raise marketplace performance and support enterprises in their transition to the primary economy. Our dedication lies in assembling a team of exceptionally talented and skilled professionals, guaranteeing outstanding quality in every service we provide. We conduct our business with the highest ethical standards, striving for excellence in all our endeavors. We are deeply conscious of our responsibility towards society and operate as a consolidated entity. Our continuous incentive is to respond to customer needs and expectations with the highest quality of services.

VISION STATEMENT

We are committed to achieving 100% customer satisfaction by delivering exceptional services and products at the most affordable costs. We aim to become a renowned leader in contracting and management services, known for our unwavering responsiveness and reliability.

We believe the sky is the limit for our growth and improvement, and we are dedicated to continuously elevating our achievements. As we expand, we aim to maintain our momentum and remain on a consistent growth trajectory

We are dedicated to promoting sustainability and environmental stewardship in all our operations. Our commitment is to minimize our ecological footprint by implementing eco-friendly practices and innovative solutions. We strive to create a positive impact on the environment and contribute to a sustainable future for generations to come.
